What is Realm?

Realm is an online resource for our church community at Trinity. Through Realm you can access and update your personal contact information, find fellow congregants, register for events, access your giving history and much more.

I have never created my account with Realm, how do I register one?

All members with an email address will receive an invitation from Trinity to create an account. It will contain a personalized link to create your Realm password. If you don't receive the Realm invitation, please contact RealmSupport for assistance. It is recommended to register your account using a computer. However, if you prefer using your phone, you can download the free Realm Connect app from the App Store at http://onelink.to/connectapp and complete the registration process on the app.

I have created a Realm account but cannot remember my password – what do I do?

If you have forgotten your password, simply go to https://onrealm.org/TrinityPresbyte/SignIn and click on "Forgot Your Password." You will be prompted to enter your email address, and an email to reset your password will be sent to you.

I have created a Realm account but cannot remember my username – what do I do?

Your username for Realm is the email address you used during the registration process. If you are unsure which email address you used, please reach out to Janet Martin, our Database Coordinator, at jmartin@trinityatlanta.org or 404-495-8440 for assistance in recovering your username.
